OPEN
A NEW
WORLD
OF LIVING

Vinyl Doors by Superior.

When it comes to replacing your existing doors, or when a door is needed for new construction, Superior has the answer. Whether your taste calls for a swing or sliding door, we have the door for you. Superior's wide choice of door styles combined with our almost unlimited selection of glass enhancements ensures

that you can customize a door to your own personal taste. Add in our Climate Shield™ with Silvercoat³ high performance glazing system and you have a door that both looks great and also saves you energy throughout the year. Just one more reason to choose the best... Superior.

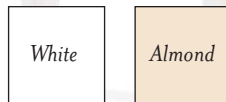

Features & Benefits

- Choose either inswing (Series 9300) or outswing (Series 9301) doors with french style 4 1/2" stiles and rails.
- Choose from White or Almond finishes.
- Both frame and panels are fusion welded for strength, rigidity and squareness.
- Vinyl extrusions are reinforced at key points with aluminum for structural durability.
- Secure multipoint locking system is standard.
- White, Almond or Brite Brass handles are standard. Options include Brite Chrome, Brushed Chrome, Dark Bronze and Antique Brass.
- White or Almond adjustable hinges are standard. Options include Brite Brass, Brite Chrome, Brushed Chrome and Dark Bronze.
- Extruded aluminum threshold is available in Gold Anodized, White, Almond or Bronze Painted finishes.
- Overall frame depth is 5 11/16".
- 1" setback nail-on fin for easy installation. Also available with a Retrofit Frame.
- Glazing options include Climate Shield™ with Silvercoat³ high performance glazing system featuring Low-E³ glass for thermal efficiency and improved comfort.

Multipoint Lock

Standard on all Superior vinyl swing doors. This solid locking system engages at three points – header, center and sill – to truly secure the door whenever you close and lock it.

Adjustable Hinges

Standard on each door panel. This distinct quality feature allows for precision vertical and horizontal adjustment during installation and future door maintenance or alignment.

Hinges are available in matching finishes to our door handles.

Antique Brass Adjustable Hinge

sliding doors

4-Panel SLIDING DOOR with Brass Handles and Marginal Sculptured Grid

3-Panel Almond SLIDING DOOR

2-Panel SLIDING DOOR with Brass Handles and Colonial Flat Grid

Features & Benefits

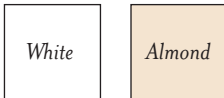

- Choose from standard Series 9900 with 2 1/2" stiles and rails or upgrade to Series 9901 with french style 4 1/2" stiles and rails.
- Select from White or Almond finishes.
- 1 Both frame and panels are fusion welded for strength, rigidity and squareness.
- 2 Multichambered heavy wall extrusion for structural strength and durability.
- 3 Nominal 7/8" insulated glass for energy efficiency.
- 4 Glazing options include Climate Shield™ with Silvercoat³ high performance glazing system featuring Low-E³ glass for thermal efficiency and improved comfort.
- 5 Intercept® warm-edge spacer system.
- 6 Stainless steel cap over an extruded aluminum sill track for ease of operation.
- 7 Inside sliding panel for peace of mind.
- Heavy-duty extruded aluminum exterior sliding screen (shown on next page).

Dual-Point Lock

Standard on all Superior vinyl sliding doors. This durable lock engages at two points to create greater security. An optional key lock is also available.

Tandem Ball Bearing Rollers

Tandem ball bearing rollers allow the vent panel to roll smoothly. Rollers can be easily adjusted with a screwdriver.

Stainless steel rollers available.

Your Superior Doors can be personalized to your liking and needs. Whether you need additional UV protection, design concerns such as grids or v-groove glass, we can help capture your unique ideas. For full details on all of our door accessories, please take a minute to review our Enhancements brochure, or visit us online at superior-windows.com.

Prestige Sliding Screen Door

Superior's heavy-duty Prestige Sliding Screen Door is designed with unique features and characteristics built-in for durability, strength and curb appeal. See for yourself, Prestige will impress you!

- ① HEAVY-DUTY EXTRUDED ALUMINUM FRAME measuring 2 1/4" x 1" offering maximum strength, durability and rigidity.
- ② FLUSH HANDLE DESIGN with SELF-LATCHING LOCK Innovative in design, the recessed pull and finger touch activated lock is a great feature of this door.
- ③ HEAVY-DUTY EXTRUDED SPUR CORNERS designed to hold the mitered frame corners tightly together.
- ④ SELF-LUBRICATED, 1 1/4" SPRING LOADED BALL BEARING WHEEL ASSEMBLY for excellent range of adjustment and easy touch glide. Each wheel assembly is mounted into a specially designed housing for ultimate protection. Stainless steel rollers available.
- ⑤ 18 x 16 fiberglass mesh is standard in pre-assembled screen doors. Upgrade to our SuperiorView 20 x 20 fiberglass mesh screen.

v-groove

ACCENTUATE THE BEAUTY OF LIGHT

V-groove glass patterns refract light into your home without compromising your views. With twelve distinct designs to choose from in our Enhancements brochure, pick the one that's right for your home.

added UV protection

COMFORT AND SAVINGS BUILT IN FOR YOU

Our optional Climate Shield™ with Silvercoat³ high-performance glazing system featuring Low-E³ glass and the Intercept® warm-edge spacer system work in tandem to provide a more comfortable living environment. Your HVAC turns on later, and turns off sooner. Which is better for the environment, and better for your wallet.

grids

THE CLASSIC ADDITION TO ANY DOOR

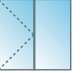

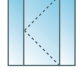

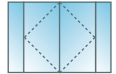

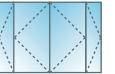

Superior offers several grid options to complement your doors, each bringing that extra touch that makes your ideas complete. For a complete list of grids, please see our Enhancements brochure or visit superior-windows.com.
